THE LIGHTS NOT EXTINGUISHED.

WALKING DELEGATES RECONSIDER THE EDISON WIRLMEN'S THREAT.

The threat of the striking wiremen to order out the engineers and dynamo hands of the Edison Electric Himminating Company was not carried out with any startling effects yesterday. If such an order had been given by the Board of Delegates of the building trades hundreds of stores, houses and office buildings would have been in darkness last night. When the Board of Delegates considered this it was decided that such radical step would be most unwise. Delegate William Ivory, who has charge of the strike, said vesterday that he believed the Edison Company was about to come to terms and settle the strike in an entirely satisfactory manner. The company, he said, had suffered n most humiliating defeat, having been obliged protically to abolish its wiring department. The nany had lost several valuable contracts in new built ings, where the other building trades had threatened to stop work as soon as non-union wiremen began to work with them, he said. Ivory decided to call out the few union men who remained in the employ of the company yesterday. Accordingly, thirteen dynamo men at the three stations, at Elm and Pearl sts., Pearl and Fulton sts. and at Thirty-ninth-st, and Sixth ave. stopped work. Their places were filled by the superin endents until new experienced men could be found. Ivory also said that ie an interview with an officer

of the Edison Company he was told that all the strikers could accomplish was to compel the company to re-linquish its wiring department. At the office of the Edison Company it was admitted that the strike had taken on new dimensions, but just what the dimensions of the strike were the representative of the company

was not willing to say.

An old disagreement between the plumbers at gasfitters as to the right of the former to do the work of the latter was renewed yesterday, and resulted in a strike of about 150 on thirty-three new houses in one hundred and thirty-sixth-st., between Seventh and Eighth aves. Plumbers were doing the work of the gasiliters, and, when requested not to interfere with he gusfitters, they refused. Consequently a sirik of all the trades was ordered. The strike was scitted late yesterday afternoon by the discharge of the union plumbers.

At a meeting of the New-York District of the United Brotherhood of Carpenters and Joiners of America yes terday a letter was sent to the Board of Education, rederian a letter was sent to the Board of Education, re-questing that no more contracts be given to Contractor Thomas Dwyer, who caused the arrest of delegates David Callaman and James McKim on Westmesthy afternoon while they were inspecting the work being done on the new school building at Ninety-third st. and Amsterdam-ave. It is said by the carpenters that Dwyer has sub-let several of his contracts.

DEMANDS OF U. P. MEN NOT GRANTED. Omaha, Neb., Feb. 5.-The conference between As sistant General Manager Dickinson, of the Union Pacific Railway and the joint Grievance Committee, represent ing the order of Rallway Conductors and the Brother hood of Railread Trainmen, was short and inconclusive. Mr. Dickinson refused to discuss a proposition for a general increase in wages, and the employes withdrew without presenting minor complaints. They appointed a press committee, who made the following statement:
The committee submitted a new schedule of wages mote than a week ago, and at the conference Mr. Dickinson made a statement purporting to give the aggregate increase of wages under the proposed schedule. According to his own statements his faures were based on the service of three of the busiest months in the year. Careful estimates made by the committee Indicate that the aggregate increase will not exceed 60 per cent of the sum named by Mr. Dickinson. The committee proposed discussion on the new schedule, article by article, but Mr. Dickinson positively refused to entertain a proposition for an increase of wages until the schedule was withdrawn. That would have left the committee without a cause. Its members felt aggreed at the scant courtesy shows them as the representatives of the two great organizations of railroad men, and they left Mr. Dickinson resolved to appeal to General Manager S. H. H. Clark. E. E. Clarke, grand chief conductor, and S. E. Wilkinson, grand master of the Brotherhood of Tridomen, are now on their way to Omalia to give us their assistance. General Manager Clark has also been wired, and we expect he will meet our officers in this city next week. a press committee, who made the following statement

CONSOLIDATING ELECTRIC COMPANIES.

THE EDISON AND THOMSON HOUSTON PROPER COMING TOGETHER.

The rumers of the proposed consolidation of the Edison and Thomson-Houston electric light interests were confirmed yesterday by Henry Villant, president of the Edison General Electric Light Company. He Issued the following official statement: "In response to numerous inquiries from stockholders of the Edison Among those present were T. G. Brown, William General Electric Company regarding the rumored ar ton Jones, J. Q. A. Ward, R. Swain rangements between that company and the Thomson uston Electric Company, I deem it my duty to form them that the negotiations in that dire which began last week, are progressing rapidly, and there is every probability that a conclusion satisfactory to all interests concerned will be speedily reached. Ever since I organ ized the Edison General Electric Company I have had the conviction that very great advantages to the stockholders of both corporations and to the public culd be secured by bringing them together, through greater economy of the management and the combina-tion of the technical skill and experience which they comprise. Nearly two years ago I used my best endeavors to bring about such a result, and, after long negotiations, an agreement was reached, but failed for reasons which do not now any longer ex ist. The parties to the present a gotiations have al but agreed upon a basis that seems fair and just both sides, and the stockholders of both companie will probably be invited at an early date to accept

It is understood that Mr. Villard will retire from the Edison Company when the consolidation is com-pleted. E. A. Coffin, now vice-president of the Thomson-Houston Company, is expected to be the president of the consolidated company. It was by one authority that the basis of exchange of storias woul be par for par in the case of the Edison General Electric Company, while the new consolidated com-pany's stock would be given to the ext nt of 60 per-cent of the Thomson-Houston Company.

Six children in the family of Johan Luhrs have been attacked with diphtheria in the cellar of the house. No. 246 West Sixty-fifth-st. One of them is dead, and the others have been removed to North Brother Island. The children were Maria, ten years old; Johann, eight Max, six; Frederick, four; Annie, two, and William, as infant. Frederick was taken sick on Thursday of last week. Dr. Henry Fruitnight, of West Fifty-ninth-st., was called, and he said the child had diphtheria. It would be necessary to report the case to the Health hoard, he said. Luhrs, who is a laborer employed in a second-hand furniture store in Amsterdam ave., waited until Saturday, expecting to hear from the sanitary officials. They he called he has a Makey who

officials. Then he called in Dr. F. S. Halsey, who sent word to Dr. Cyrus Edson. Dr. Halsey advised that the sick child be removed from the collar immediately, but Mrs. Luhrs objected. The sick boy died on Monday, and two days later the other children were taken down. Dr. Halsey informed Dr. Eds a that nothing could save the children unless they were removed from the cellar.
On Thursday Dr. Edson sent ambulances to the house and removed the five children. Mrs. Luhrs permitted to accompany them to North Brother Island.

The Lubrs family lived under the candy store of Will The Luhrs family lived under the caudy store of William Earley, and in the adjoining cellar a scavenaer sorts refuse from the ash heaps. Diphtheria probably was caused by the fifth and dampness in the place.

The sanitary officers yesterday found Elizabeth Meyer, fifty years old, suffering from smallpox in the house No. 235 East One hundred and twenty first-st., from which John Bowman was removed two weeks ago. She was sent to North Brother Island. Antonio Miama, the Italian child who was sent to the island on Thursday, died from smallpox yesterday.
